The United Nations Security Council

United Nations

## APPEAL TO U.N.

Now that we have declared our Nation Barotseland as a sovereign State on 8<sup>th</sup> September 2011, we appeal to the Security Council or NATO to come to Barotseland and put in place security measures to prevent human atrocity; since the Zambian Government wants to override the Barotse Government to be put in place.

The Declaration of Independence for Barotseland is **irreversible** and it has been effected with the implied approval of the People of Barotseland who are celebrating all over the country

The **Barotse People** have a bonafide claim of right to Barotseland their mother land; and to Self Determination.

The issue of **meddling** in the internal affairs of the Sovereign State does not apply anymore; since the declaration is complete with or without recognition of the Zambian Government.

We are a Nation, and our valid grounds to claim Sovereignty has gone an Challenged by the Zambian Government; and they will never be in a position to do so; they will rather rely on military capability to dominate our country ( as they did on the 14<sup>th</sup> of January 2011 when the shot killed many unarmed innocent people); hence our appeal to the U.N and to the Supper Powers to intervene.

## **Situation on the Ground**

As of today 15<sup>th</sup> September 2011, the Zambian police have arrested a number (in Senanga, Kalabo, Sesheke, and Mongu) of people including Sikwebele one of our youth leaders, who have been celebrating the declaration of Barotseland as a state.

Now the Zambian security forces are Rounding Barotseland with Choppers and Helicopters, in search of Leaders, seeking to Eliminate Us.
